Re: Business Opportunity Rule, R511993
United States House of Representatives

I appreciate your initiative and your commitment to the future of the direct sales industry;
I am proud to be associated with two exemplary distributor forces. I am a part of Waiora and
also
HTE America. These are two companies with products I use daily and recommend to others. I
know
I can help people understand these products and use them in a safe manner.

Respectfully,

Margaret Wilson
